NEW for 2017 - When you need care, you’ll have access to enhanced care coordination programs offered through Aetna (powered by Quantum), BCBS, Cigna and UnitedHealthcare. These programs are designed for you and your covered family members, helping you navigate important decisions about your health, along with understanding the new features of your plan. A care coordinator is specially-trained to help guide you through the health care process, assisting you with questions ranging from your benefits to choosing lower-cost, quality providers, and so much more.

SERVICES

- Scheduling your appointment with your doctor or for a procedure
- Helping you with pre-approval
- Providing cost estimates for health care services
- Linking you to programs and services (MDLIVE, $0 Copay, Well Informed)
- Informing you about program incentives & reducing out-of-pocket costs
- Connecting you to a Nurse Case Manager or Disease Management program for complex care
- ID cards, Claims, billing and benefit questions
